

The map displays a residential development with various zones and infrastructure. Key features include:

- Land Use Zones:** Different colored and hatched areas represent various land use zones, such as residential (HAB-1, HAB-2), public utility (BEP), and green spaces (Ligne HMC).
- Data Tables:** Several tables provide specific parameters for different zones:

PAP-NG - HAB-1 Eihen			
COS	CUS	CSS	DL
0.65	0.95	0.70	42

PAP-NG - HAB-2 Eihen			
COS	CUS	CSS	DL
0.55	0.95	0.70	42

PAP-NG - Ligne HMC			
COS	CUS	CSS	DL
0.40	0.60	0.60	1

PAP-NG - BEP Ecote			
COS	CUS	CSS	DL
0.80	0.30	0.80	-
- Infrastructure:** A river flows through the area, and a road network is shown. A green area labeled 'Mamer' is visible in the lower right.
- Specific Plot:** A plot is identified as 'FFH LU0001018' in the lower right corner.
